

 **OWAKE**

**PoC 03 (TiME Project) Timeless in Metaverse
Environment based on Edge networks).**

Eco model of KRON WORLD

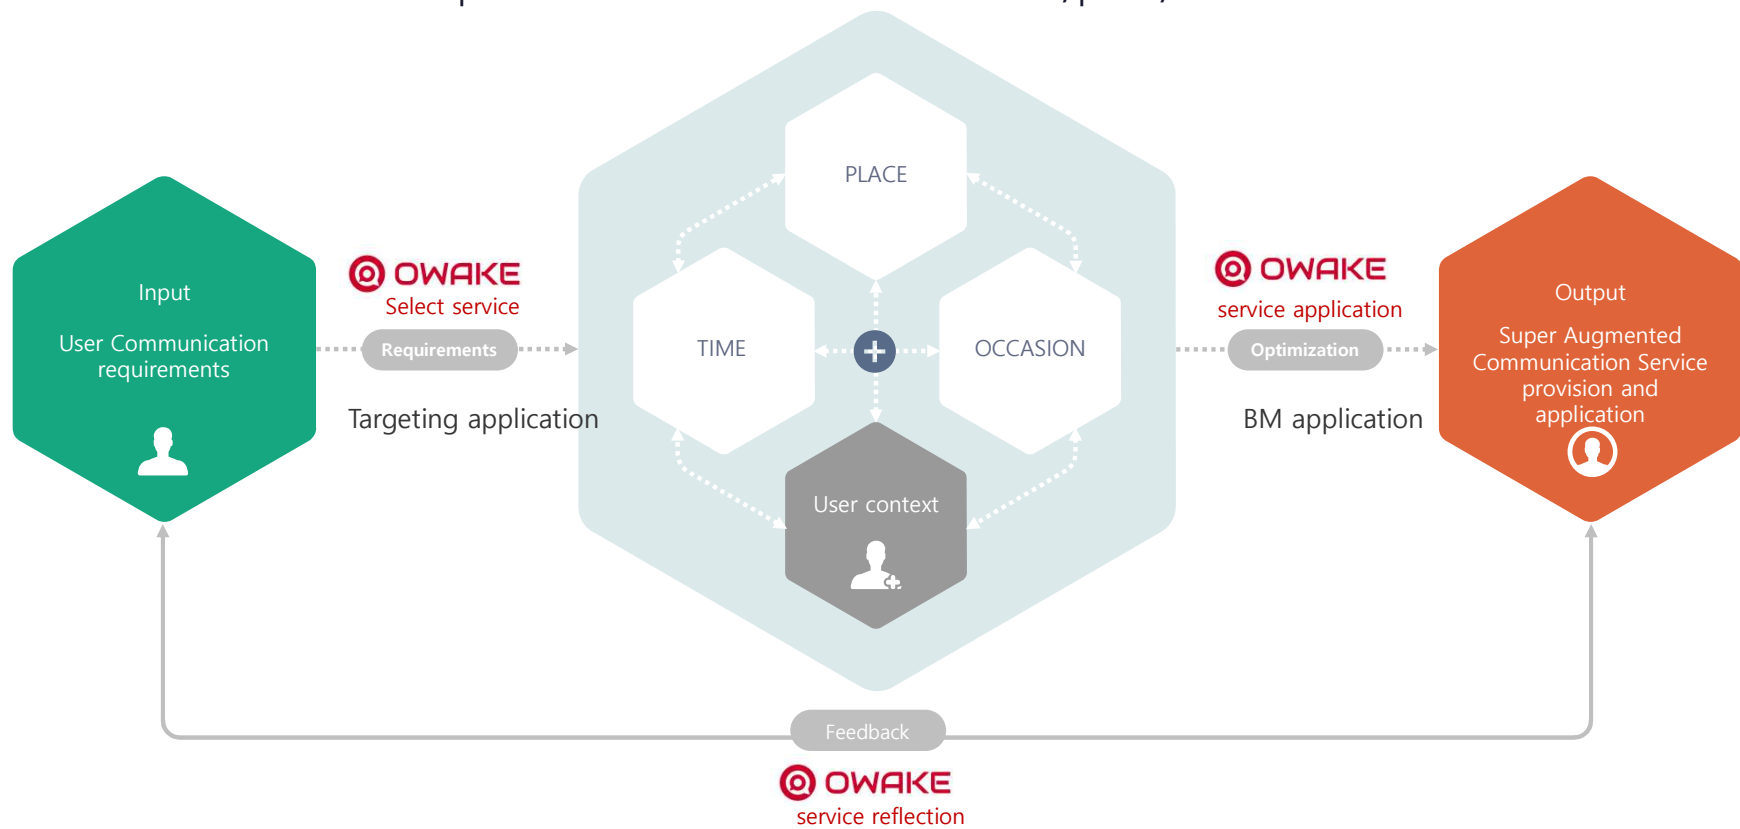

Presenting new values and directions to the messenger market responding to changes in the network environment and device form factor

A new form factor communicator that supports 5G network ultra-high speed, ultra-low latency, ultra-wideband, and satellite communications and is optimized for interfaces between virtual and real worlds-OWAKE

Hyper-augmented Transformation

Transformation process of selection/application/reflection to optimize the context of the user's time/place/situation

PHASE 1
20.01.2022

PoC 03 (TiME Project) Timeless in metaverse Environment based on Edge networks).

1. **Proof of deployment, hybrid Peer-to-Peer and kron computing: owake.me**
2. **Freemium version and file sharing (Smart Contract for delivery content in real time (fundamentals in rust language)**
3. **Servers composition: Europe (Spain, France) and user's country**
4. **PDL nodes synchronization: Ethereum, Solana, Quorum and Hyperledger Besu (Accountability in compliant with European regulation).**
